REVISED draft rules for the assessment and collection of terminal tax in municipalities and notified areas in which the assessment and collection of the tax have not been undertaken by a railway administration have been published in notification No. 14336, dated the 9th June 1925. It is, however, necessary to supplement these rules by certain general instructions as to the preparation of schedules and other matters in order to obviate the waste of time and labour involved in the submission by committees of proposals for terminal taxation which Government are not prepared to sanction. The Punjab Government (Ministry of Education) are therefore pleased to issue the instructions appended below, and to intimate that no proposals conflicting with these instructions will be sanctioned by Government unless in any particular case they can be justified by the most cogent reasons.

2. The instructions, unlike the draft rules, apply in the case of all municipalities and notified areas, and not only to those in which the assessment and collection of terminal tax have not been undertaken by a railway administration.

5. No tax shall be levied on a consignment of goods on which the tax payable does not amount to three pies.

6 (1) Notwithstanding any thing contained in Instructions 2 and 5, when the tax is to be assessed and collected by a railway administration, the classification in the schedule shall follow the classification of articles adopted by the railway administration, to which the schedule shall be submitted for consideration before it is published.

Short title and extent.

1. (1) These rules may be called the Punjab Terminal Tax Rules, 1925.

(2) They shall apply to all municipalities and notified areas in which a terminal tax has been or may be imposed and is not collected through the agency of a railway administration.

2. In these rules—

Definitions.

(i) 'committee' means the municipal committee or the committee of the notified area,

(ii) 'barrier' means a place appointed under the provisions of rule 3, and

(iii) 'railway barrier' means a barrier for the interception of traffic to and from railway premises and so described by public notice exhibited at such a barrier.

The establishment of barriers.

3. The committee shall appoint a place near or, with the consent of the railway administration, on the railway premises and places at any other points on or in the immediate vicinity of the limits of the municipality or notified area that may from time to time be determined as most suitable for intercepting import or export traffic for assessing and collecting terminal tax.

Posting of terminal tax schedule and rules at barriers.

4. A copy, in English and Vernacular, of the terminal tax schedule as sanctioned by the Local Government and duly authenticated by the signature of the Terminal Tax Superintendent and the Secretary and a copy in English and Vernacular of these rules shall be posted in a conspicuous place at each barrier.

The Terminal Tax Superintendent.

5. The committee shall appoint an officer to be a Terminal Tax Superintendent who in addition to discharging any other duties imposed upon him by these rules shall be responsible generally for the assessment and collection of terminal tax in accordance with these rules and for the proper discharge of their duties by the other collecting officers.

Terminal Tax Inspectors.

6. The committee shall appoint Terminal Tax Inspectors who in addition to discharging any other duties imposed on them by these rules shall supervise the working of the barriers and shall see that the staffs of the barriers comply with the rules laid down for their observance.

The staff of barriers.

7. The committee shall appoint to each barrier a staff of moharrirs and peons for the assessment and collection of terminal tax, and it shall be the duty of such staff to see that all goods liable to terminal tax are stopped at the barrier and to deal with them according to these rules.

Members to inspect barriers periodically.

8. (1) It shall be the duty of the members of the committee and of the Secretary periodically to visit the barriers and inspect the registers and accounts there maintained in accordance with these rules.

(2) An Inspection Book shall be kept up at each barrier in form 1 appended to these rules, and members, Inspectors or other officers inspecting the barrier shall note therein the results of their inspection, making their notes as full and detailed as possible.

(3) If in any such note any complaint is made as to the working of the barrier a copy of the note shall at once be sent by the officer in charge of the barrier to the Secretary with a view to suitable action being taken.

(4) The barriers may also be inspected by the Local Audit staff at the time of the audit of the accounts of the committee.

Scales and weights to be provided at each barrier.

9. The committee shall provide a suitable set of scales and weights at each barrier. These shall be kept in proper working order by the moharrir or other officer in charge of the barrier and shall be tested at intervals of not less than three months by the Terminal Tax Superintendent or by any other officer or member of the committee as the committee may direct who shall record the result of each test in the Inspection Book.

Procedure in respect of goods for immediate export.

10. (1) When goods ordinarily liable to terminal tax on import or export are exempt from the tax on condition that they are immediately exported a person importing such goods must declare them as such at the barrier of import and shall specify the barrier through which they are to be exported. The officer in charge of the barrier shall then fill up a transit pass in form 2 and shall hand the foil with blank coupon attached to the person in charge of the goods who shall forthwith take such goods to the barrier of export entered in column 9 of the pass.

(2) When such goods are brought to a barrier for export the person in charge of them shall present the pass issued to him under sub-rule (1) of this rule and the officer in charge of the barrier shall note the time at which the pass is presented in column 12 thereof and shall check the goods with the particulars given in columns 5 to 7 of the pass. Then—

(a) if the goods tally with the particulars entered in the pass and the time of export entered in column 10 has not passed, the officer in charge of the barrier shall allow the goods to pass out, retaining the pass for submission to the head office ; or

(b) if the description or weight of the goods does not tally with the particulars entered in the pass and there is any defect in the weight of any such goods as are ordinarily liable to taxation on import or any excess in the weight of such goods as are ordinarily liable to taxation on export, or if any of the goods are of a description different from the description of the goods entered in the pass and are ordinarily liable to taxation on import or export, the officer in charge of the barrier shall make a note of the discrepancy in column 14 of the pass and shall demand payment of the amount of tax payable in respect of such weight in defect or excess or in respect of the goods of such description and shall thereafter proceed as if the charge was a charge on account of goods imported or exported in the ordinary way ; or

(c) if the time entered in column 10 has passed before the pass is presented the officer in charge of the barrier shall demand the full amount of tax ordinarily payable on the goods on import or export as the case may be and thereafter shall proceed as if the charge was a charge on account of goods imported or exported in the ordinary way.

(3) The committee shall fix in respect of every two barriers the period within which goods imported through one of them for immediate export must be exported through the other. A schedule of the periods so fixed shall be exhibited at every barrier and the officer in charge of the barrier through which goods are imported shall calculate and enter the time accordingly in column 10 of the pass in form 2.

(4) The officer in charge of the barrier of import shall each day send the counterfoil book to the head office where the Terminal Tax Superintendent shall examine each counterfoil and initial it in token of having done so.

(5) Nothing contained in rules 11 to 16 shall apply to goods imported for immediate export except in the circumstances provided for in clauses (b) and (c) of sub-rule (2) of this rule.

Railway receipts of imports to be registered

11. (1) When any person receives the railway receipt of goods consigned to him by railway he shall take or send it with the invoice, or, in the absence of an invoice, with a written declaration of the details of the consignment to the Railway Barrier where, if the goods are found to be liable to terminal tax, the receipt and the invoice or declaration shall be abstracted into a railway receipt and invoice register of imports to be kept up in form 3 appended to these rules. The entries in this register shall be checked and verified personally by the officer in charge of the Railway Barrier.

(2) The Terminal Tax Superintendent shall check the entries in the railway receipt and invoice register of imports with 25 per cent of the passes issued under rules 12 and 14 and shall satisfy himself that the tax has been correctly assessed. He shall initial all entries and passes checked.

(3) The committee shall appoint a member or members periodically to examine the railway receipt and invoice register and to compare with the entries therein the declarations, if any, filed under rule 12. The entries in the register and declarations checked shall be initialled by the member making the examination.

Payment of tax on rail-borne goods and grants of import pass.

12. The registration of the consignment under rule 11 having been completed, the officer in charge of the Railway Barrier shall calculate the terminal tax payable, shall demand payment of the amount so calculated from the presenter of the railway receipt and on receipt of the amount shall return the railway receipt and the invoice, if any, stamped with a municipal stamp, to the presenter. The declaration, if any, received under rule 11 shall be stamped and filed. The counterfoil and second foil of a pass in form 4 shall then be filled up, the coupon and third foil being left blank. The counterfoil shall be retained and the remainder of the pass handed over to the presenter of the railway receipt.

Presentation of rail-borne goods at the Railway Barrier.

13. All goods removed from the railway premises shall be brought to the Railway Barrier where the importer shall present the pass, if any obtained under rule 12. The moharrir, having satisfied himself that the goods agree with the details entered in the pass, shall fill up the third foil of the pass, tear it off and retain it, and hand back the second foil with the blank coupon attached to the importer.

Payment of tax on goods not covered by an import pass.

14. If the goods brought to the Railway Barrier do not agree with the details entered in the pass, or if goods are brought in respect of which terminal tax is payable but no pass has been obtained, the officer in charge of the Railway Barrier shall assess the

amount of terminal tax payable on such goods, fill up a pass in form 4, demand the amount so assessed from the importer, and on receipt of the amount hand the importer the second foil with the blank coupon attached, retaining the counterfoil and third foil. Particulars of the goods so taxed together with the name of the importer and the amount of tax paid shall then be entered in a Register of Unregistered Rail-borne Imports to be kept up in form 5 attached to these rules, and a note shall be made in column 4 of the counterfoil of the pass of the number of the entry in that register instead of in the Railway Receipts and Invoice Register of Imports.

Payment of tax on goods exported by rail and grant of an export pass.

15. (1) Every person intending to export by rail goods on which terminal tax is leviable on export shall take such goods to the Railway Barrier. The officer in charge of the Railway Barrier shall calculate the amount of tax payable in respect of such goods, shall demand the amount so calculated and on receipt of the amount shall fill up a pass in form 6, retain the counterfoil and hand the foil with blank coupon attached to the exporter.

(2) The exporter having despatched the goods shall return to the Railway Barrier with the railway receipt, which shall be abstracted into a Railway Receipt Register of Exports in form 7 attached to these rules, the number of entry in such register being noted in column 7 of the counterfoil of the pass issued under sub-rule (1) of this rule. The railway receipt shall then be returned to the exporter.

Payment of tax on goods at barriers other than the Railway Barrier.

16. (1) When goods liable to terminal tax on import or export are brought to any barrier other than the Railway Barrier the officer in charge of such barrier shall assess the terminal tax payable on such goods, shall demand the amount so assessed from the importer or exporter and on receipt of the amount shall fill up a pass in form 8, retain the counterfoil and hand the foil with blank coupon attached to the importer or exporter, as the case may be.

(2) When the tax has been imposed, both on goods imported and on goods exported, separate books of passes shall be used in respect of goods imported and goods exported, respectively.

Power to demand passes and inspect goods.

17. (1) The Terminal Tax Superintendent and any Terminal Tax Inspector meeting an importer or exporter is authorized to demand his import, export or transit pass and to verify the entries therein by inspection of the goods. Any person who is called upon for his pass under this rule shall produce it and shall permit the officer demanding it to inspect his goods.

(2) If on checking the goods with the pass the officer finds that all the items in the pass are correct he shall fill up the columns in the blank coupon attached to the pass; he shall tear the coupon off the pass and keep it for comparison with the counterfoil at the barrier. He shall then endorse his name on the back of the pass and return it to the presenter.

(3) If the person in charge of the goods has no pass, or if the officer finds reason to believe that the full amount of terminal tax has not been paid on the goods or that the goods do not tally with the description entered in the pass, such officer may, and if he finds that the third foil of a pass granted under rule 12 has not been torn off, shall take such person to the head office where the case shall be inquired into by the Terminal Tax Superintendent. Such person shall accompany such officer to the head office when called upon to do so under this rule. The Terminal Tax Superintendent, if he is satisfied that the terminal tax payable on such goods has not been paid or has not been paid in full, shall assess the amount of tax payable, demand payment of the amount from the person in charge of the goods, and, on receipt of the amount, shall fill up a pass in form 2, retain the counterfoil and hand the foil with blank coupon attached to the person in charge of the goods. The Terminal Tax Superintendent shall subsequently report the case to the Secretary with a view to the orders of the committee being taken as to whether a prosecution should be instituted under section 78 of the Punjab Municipal Act, 1911.

(4) An officer obtaining coupons under sub-rule (2) of this rule shall take such coupons to the barrier or barriers from which they issued. He shall there verify the coupons with the counterfoils, and, if he finds that the entries are correct, shall initial the counterfoils and drop the coupons into the barrier cash-box. If in any case a discrepancy is detected, he shall forward the coupon concerned under separate cover to the head office with a report.

Notice to be given of seizure of goods.

18. When any goods are seized in exercise of the power conferred by section 82 of the Act, the officer seizing them shall immediately give or send to the importer or exporter a notice in form 9 appended to these rules.

Money to be dropped at once into the cash-box.

19. All money received at a barrier shall at once be dropped by the collecting officer receiving it into the barrier cash-box, of which the key shall be kept by the Terminal Tax Superintendent.

Progressive totals of receipts to be filled up at once.

20. Every collecting officer issuing a pass other than a transit pass under any of these rules shall fill up the progressive total of terminal tax received at the foot of the counterfoil of the pass at the time of issue of the pass, and the Terminal Tax Superintendent, Terminal Tax Inspectors, members or other officers inspecting a barrier shall see that progressive totals are thus filled up and not postponed till the end of the day. Counterfoils thus checked shall be initialled by the officer or member making the inspection.

Procedure for closing the transactions of the day.

21. (1) At the close of each day at a time to be fixed by the committee the transaction of the day shall be closed. The officer in charge of each barrier shall have the progressive total of the money received for the day taken up to the last counterfoil used in each book of passes and entered thereon and shall also have the receipts of the day classified in *jinswars* to be compiled in form 10 attached to these rules, the classification being in accordance with the classification adopted in the sanctioned schedule of the tax and separate *jinswars* being compiled in respect of goods imported by rail, goods imported by road, goods exported by rail and goods exported by road, respectively. The items shall be entered, one after the other, from the counterfoils of the day, the serial number of the pass being quoted in column 1 and the weight of the goods and the amount of the terminal tax paid entered in the appropriate columns. The cash-box, pass books and *jinswars* shall then be forwarded to the head office, together with the foils of passes presented under sub-rule (2) of rule 10 and the third foils of passes retained under rules 13 and 14.

(2) To prevent delay, and to ensure that all moneys, as receiv d by the collecting officer, are immediately placed under lock and key, the committee shall provide a double set of books and two cash-boxes at each barrier, so that while one set is at the head office the othe shall be available for use. The *jinswars* shall be on loose forms.

Opening of cash-boxes and counting of receipts.

22. The cash-boxes shall be opened and the money contained therein counted at the head office by the Secretary, but if the committee by resolution so direct, these duties may be performed by the terminal Tax Superintendent, or, in places where there is a Municipal Treasurer, by that officer in the presence of the Terminal Tax Superintendent and under the supervision of a member deputed for the purpose.

Procedure after the contents of cash boxes have been counted.

23. (1) After the money in each cash-box has been counted the amount shall be endorsed by the receiving officer at the foot of the last counterfoil of the day for the barrier concerned as well as on the barrier *jinswars*. The aggregate contents of all the cash-boxes shall then be brought to account as prescribed in rule 24.

(2) When the money in a cash-box has been counted, the counterfoils received from the barrier concerned shall be examined by the Terminal Tax Superintendent. He shall check at least 2 per cent of them in detail, initialling the checked counterfoils in proof of having done so, and shall see that the progressive totals in the books are correct. If the total for the day agrees with the total endorsed on the counterfoil and *jinswars* under sub-rule (1) of this rule, the last counterfoil on which the total for the day has been entered shall be signed by the Terminal Tax Superintendent and by the member, if any, deputed under rule 22.

(3) The coupons found in the boxes from the barriers shall be examined as a check on the work of the inspectors and then kept for such time as the committee may determine.

(4) The foils of passes received under sub-rule (2) of rule 10 and the third foils of passes retained under rules 13 and 14 and forwarded to the head office under sub-rule (1) of rule 21 shall be pasted on their counterfoils, and if, when examining the counterfoils, as required by sub-rule (4) of rule 10, the Terminal Tax Superintendents finds any counterfoil dated two days previously on which the foil has not been pasted, he shall at once cause a special investigation to be made.

(5) On completion of the procedure prescribed in sub-rules (1) to (4) of this rule the cash-boxes and pass books shall be returned to the barriers without delay. The *jinswars* shall be retained in the head office.

Procedure for bringing the cash to account.

24. The cash shall be brought to account in the following manner :—

(i) If the Secretary himself or through the Municipal Treasurer receive the collections, he shall bring them to account direct in his General Cash-book (form 67 of the Municipal Account Code), and remit them to the treasury in the usual way.

NOTE —See rule 304 of the Municipal Account Code.

(*ii*) If the Terminal Tax Superintendent receives the collections, and if the head office is in the same building as the office of the Secretary, the procedure shall be similar to that laid down in clause (*i*) above of this rule. If the Terminal Tax Superintendent receives the collections, and if the head office is at a distance from the office of the Secretary, he shall enter them under the appropriate head in columns 1 to 4 of the cash-book to be kept up by him in form 11 appended to these rules. In column 5 he shall show the amounts remitted to the treasury or municipal or notified area office, as the practice may be. The book shall be closed daily and the money remitted with a chalan in form 10 or 11 of the Municipal Account Code, as the case may be.

(*iii*) If the Terminal Tax Superintendent remits the money direct to the treasury, one of the foils of the chalan (form 10 of the Municipal Account Code) returned from the treasury shall be filled by him in a guard file as his receipt and the other shall be sent to the Secretary with a statement in form 10 appended to these rules. On receipt of the chalan, the Secretary shall enter the amount shown therein in his General Cash-book (form 67 of the Municipal Account Code).

(*iv*) If the Terminal Tax Superintendent remits the money to the municipal or notified area office, he shall send it with a chalan in form 11 of the Municipal Account Code; and the Secretary shall receive it and bring it to account in his General Cash-book (form 67 of the Municipal Account Code). One foil of the chalan shall be returned to the Terminal Tax Superintendent as a receipt, and the other kept by the Secretary as a voucher for his entry in the General Cash-book.

(*v*) If the Terminal Tax Superintendent receives the collections under the latter part of clause (*i*) above, the Secretary shall check his Cash-book (form 10) once a month, and sign it in token of his having done so.

Compilition of head office *jinswars*.

25. (1) The *jinswars* received from the barriers shall be arranged each day in a fixed order and the total of all the barriers for the day and the progressive total of all the barriers carried on from the beginning of each month shall be entered at the foot of the *jinswar* of the last barrier.

(2) From these *jinswars* shall be compiled each day the head office *jinswar* in form 12 appended to these rules. The columns of this *jinswar* shall be totalled every month and at the end of the year a statement showing the totals under each head of the *jinswar* for the whole year shall be prepared and submitted with other prescribed returns to the Deputy Commissioner.

Appeals against assessments.

26. Any person dissatisfied with the assessments of terminal tax payable on his goods made under any of these rules may require that the matter shall be referred to the Terminal Tax Superintendent for decision. In such a case the officer in charge of the barrier shall forward the goods to the head office under the escort of a peon, together with a brief report, of which he shall keep a copy in a memorandum book, for the decision, of the Terminal Tax Superintendent. If such person is dissatisfied with his decision he shall pay the terminal tax, but may appeal to the committee against such decision, provided that he lodges his appeal within seven days from the date of such payment.

**No. 19076**.—The following rules made by the Punjab Government (Ministry of Education) in exercise of the powers conferred by section 240 of the Punjab Municipal Act, 1911, are published for general information, and shall come into force on the 1st day of September 1925 :—

RULES.

Short title and extent. 1. (1) These rules may be called the Punjab Terminal Tax Rules, 1925.

(2) They shall apply to all municipalities and notified areas in which a terminal tax has been or may be imposed and is not collected through the agency of a railway administration.

2. In these rules—

Definitions. (i) ' committee ' means the municipal committee or the committee of the notified area,

(ii) ' barrier ' means a place appointed under the provisions of rule 3, and

(*iii*) 'railway barrier' means a barrier for the interception of traffic to and from railway premises and so described by public notice exhibited at such a barrier.

The establishment of barriers.

3. The committee shall appoint a place near or, with the consent of the railway administration, on the railway premises and places at any other points on or in the immediate vicinity of the limits of the municipality or notified area that may from time to time be determined as most suitable for intercepting import and export traffic, for assessing and collecting terminal tax.

Posting of terminal tax schedule and rules at barriers.

4. A copy, in English and vernacular, of the terminal tax schedule as sanctioned by the Local Government and duly authenticated by the signatures of the Terminal Tax Superintendent and the Secretary and a copy in English and vernacular of these rules shall be posted in a conspicuous place at each barrier.

The Terminal Tax Superintendent.

5. The committee shall appoint an officer to be Terminal Tax Superintendent who in addition to discharging any other duties imposed upon him by these rules shall be responsible generally for the assessment and collection of terminal tax in accordance with these rules and for the proper discharge of their duties by the other collecting officers.

Terminal Tax Inspectors.

6. The committee shall appoint Terminal Tax Inspectors who in addition to discharging any other duties imposed on them by these rules shall supervise the working of the barriers, and shall see that the staffs of the barriers comply with the rules laid down for their observance.

The staff of barriers.

7. The committee shall appoint to each barrier a staff of moharrirs and peons for the assessment and collection of terminal tax, and it shall be the duty of such staff to see that all goods liable to terminal tax are stopped at the barrier and to deal with them according to these rules.

Members to inspect barriers periodically.

8. (1) It shall be the duty of the members of the committee and of the Secretary periodically to visit the barriers and inspect the registers and accounts there maintained in accordance with these rules.

(2) An Inspection Book shall be kept up at each barrier in Form 1 appended to these rules, and members, Inspectors or other officers inspecting the barrier shall note therein the results of their inspection, making their notes as full and detailed as possible.

(3) If in any such note any complaint is made as to the working of the barrier, a copy of the note shall at once be sent by the officer in charge of the barrier to the Secretary with a view to suitable action being taken.

(4) The barriers may also be inspected by the Local Audit staff at the time of the audit of the accounts of the committee.

Scales and weights to be provided at each barrier.

9. The committee shall provide at each barrier a suitable set of scales and weights, which shall be kept in proper working order by the moharrir or other officer in charge of the barrier, and shall be tested at intervals of not less than three months by the Terminal Tax Superintendent or by any other officer or member of the committee as the committee may direct, who shall record the result of each test in the Inspection Book.

Procedure in respect of goods for immediate export.

10. (1) When goods ordinarily liable to terminal tax on import or export are exempt from the tax on condition that they are immediately exported, a person importing such goods shall declare them as such at the barrier of import and shall specify the barrier through which they are to be exported; the officer in charge of the barrier shall then fill up a transit pass in Form 2 and shall hand the foil with blank coupon attached to the person in charge of the goods who shall forthwith take such goods to the barrier of export entered in column 9 of the pass.

(2) When such goods are brought to a barrier for export, the person in charge of them shall present the pass issued to him under sub-rule (1) of this rule, and the officer in charge of the barrier shall note in column 12 of the pass the time at which it is presented, and shall check the goods with the particulars given in columns 5 to 7 of the pass: then—

(*a*) if the goods tally with the particulars entered in the pass and the time of export entered in column 10 has not passed, the officer in charge of the barrier shall allow the goods to pass out, retaining the pass for submission to the head office; or

(*b*) if the description or weight of the goods does not tally with the particulars entered in the pass and there is any defect in the weight of any such goods as are ordinarily liable to taxation on import, or any excess in the weight of such goods as are ordinarily liable to taxation on export, or if any of the

goods are of a description different from the description of the goods entered in the pass and are ordinarily liable to taxation on import or export, the officer in charge of the barrier shall make a note of the discrepancy in column 14 of the pass, and shall demand payment of the amount of tax payable in respect of such weight in defect or excess or in respect of the goods of such description, and shall thereafter proceed as if the charge was a charge on account of goods imported or exported in the ordinary way; or

(c) if the time entered in column 10 has passed before the pass is presented, the officer in charge of the barrier shall demand the full amount of tax ordinarily payable on the goods on import or export as the case may be, and thereafter shall proceed as if the charge was a charge on account of goods imported or exported in the ordinary way.

(3) The committee shall fix in respect of every two barriers the period within which goods imported through one of them for immediate export must be exported through the other: a schedule of the periods so fixed shall be exhibited at every barrier and the officer in charge of the barrier through which goods are imported shall calculate and enter the time accordingly in column 10 of the pass in Form 2.

(4) The officer in charge of the barrier of import shall each day send the counterfoil book to the head office where the Terminal Tax Superintendent shall examine each counterfoil and initial it in token of having done so.

(5) Nothing contained in rules 11 to 16 shall apply to goods imported for immediate export except in the circumstances provided for in clauses (b) and (c) of sub-rule (2) of this rule.

Railway receipts of imports to be registered.

11. (1) When any person receives the railway receipt of goods consigned to him by railway, he shall take or send it with the invoice, or, in the absence of an invoice, with a written declaration of the details of the consignment, to the Railway Barrier, where, if the goods are found to be liable to terminal tax, the receipt and the invoice or declaration shall be abstracted into a Railway Receipt and Invoice Register of Imports to be kept up in Form 3 appended to these rules: the entries in this register shall be checked and verified personally by the officer in charge of the Railway Barrier.

(2) The Terminal Tax Superintendent shall check the entries in the Railway Receipt and Invoice Register of Imports with twenty-five per cent. of the passes issued under rules 12 and 14, and shall satisfy himself that the tax has been correctly assessed, and he shall initial all entries and passes checked.

(3) The committee shall appoint a member or members periodically to examine the Railway Receipt and Invoice Register and to compare with the entries made therein the declarations if any, filed under rule 12: the entries in the register and declarations checked shall be initialled by the member making the examination.

Payment of tax on rail-borne goods and grant of import pass.

12. The registration of the consignment under rule 11 having been completed, the officer in charge of the Railway Barrier shall calculate the terminal tax payable, shall demand payment of the amount so calculated from the presenter of the railway receipt, and on receipt of the amount shall return the railway receipt and the invoice, if any, stamped with a municipal stamp, to the presenter: the declaration, if any, received under rule 11 shall be stamped and filed: the counterfoil and second foil of a pass in Form 4 shall then be filled up, the coupon and third foil being left blank: the counterfoil shall be retained and the remainder of the pass handed over to the presenter of the railway receipt.

Presentation of rail-borne goods at the Railway Barrier.

13. All goods removed from the railway premises shall be brought to the Railway Barrier where the importer shall present the pass, if any, obtained under rule 12: the moharrir, having satisfied himself that the goods agree with the details entered in the pass, shall fill up the third foil of the pass, tear it off and retain it, and hand back the second foil with the blank coupon attached to the importer.

Payment of tax on goods not covered by an import pass.

14. If the goods brought to the Railway Barrier do not agree with the details entered in the pass, or if goods are brought in respect of which terminal tax is payable but no pass has been obtained, the officer in charge of the Railway Barrier shall assess the amount of terminal tax payable on such goods, fill up a pass in Form 4, demand the amount so assessed from the importer, and on receipt of the amount hand the importer the second foil with the blank coupon attached, retaining the counterfoil and third foil: particulars of the goods so taxed together with the name of the importer and the amount of tax paid shall then be entered in a Register of Unregistered Rail-borne Imports to be kept up in Form 5 attached to these rules, and a note shall be made in column 4 of the counterfoil of the pass of the number of the entry in that register instead of in the Railway Receipts and Invoice Register of Imports.

Payment of tax on goods exported by rail and grant of an export pass.

15. (1) Every person intending to export by rail goods on which terminal tax is leviable on export shall take such goods to the Railway Barrier, the officer in charge of which shall calculate the amount of tax payable in respect of such goods, shall demand the amount so calculated and on receipt of the amount shall fill up a pass in Form 6, retain the counterfoil and hand the foil with blank coupon attached to the exporter.

(2) The exporter having despatched the goods shall return to the Railway Barrier with the railway receipt, which shall be abstracted into a Railway Receipt Register of Exports in Form 7 attached to these rules, the number of the entry in such register being noted in column 7 of the counterfoil of the pass issued under sub-rule (1) of this rule ; the railway receipt shall then be returned to the exporter.

Payment of tax on goods at barriers other than the Railway Barrier.

16. (1) When goods liable to terminal tax on import or export are brought to any barrier other than the Railway Barrier, the officer in charge of such barrier shall assess the terminal tax payable on such goods, shall demand the amount so assessed from the importer or exporter, and on receipt of the amount shall fill up a pass in Form 8, retain the counterfoil and hand the foil with blank coupon attached to the importer or exporter, as the case may be.

(2) When the tax has been imposed both on goods imported and on goods exported, separate books of passes shall be used in respect of goods imported and goods exported, respectively.

Power to demand passes and inspect goods.

17. (1) The Terminal Tax Superintendent and any Terminal Tax Inspector meeting an importer or exporter is authorized to demand his import, export or transit pass and to verify the entries therein by inspection of the goods, and any person who is called upon for his pass under this sub-rule shall produce it and shall permit the officer demanding it to inspect his goods.

(2) If on checking the goods with the pass the officer finds that all the items in the pass are correct he shall fill up the columns in the blank coupon attached to the pass ; he shall tear the coupon off the pass and keep it for comparison with the counterfoil at the barrier, and shall then endorse his name on the back of the pass and return it to the presenter.

(3) If the person in charge of the goods has no pass, or if the officer finds reason to believe that the full amount of terminal tax has not been paid on the goods or that the goods do not tally with the description entered in the pass, such officer may, and if he finds that the third foil of a pass granted under rule 12 has not been torn off, shall, take such person to the head office, where the case shall be inquired into by the Terminal Tax Superintendent : such person shall accompany such officer to the head office when called upon to do so under this rule : the Terminal Tax Superintendent, if he is satisfied that the terminal tax payable on such goods has not been paid or has not been paid in full, shall assess the amount of tax payable, demand payment of the amount from the person in charge of the goods, and, on receipt of the amount, shall fill up a pass in Form 2, retain the counterfoil and hand the foil with blank coupon attached to the person in charge of the goods : the Terminal Tax Superintendent shall subsequently report the case to the Secretary with a view to the orders of the committee being taken as to whether a prosecution should be instituted under section 78 of the Punjab Municipal Act, 1911.

(4) An officer obtaining coupons under sub-rule (2) of this rule shall take such coupons to the barrier or barriers from which they issued, and shall there verify the coupons with the counterfoils, and, if he finds that the entries are correct, shall initial the counterfoils and drop the coupons into the barrier cash-box : if in any case a discrepancy is detected, he shall forward the coupon concerned under separate cover to the head office with a report.

Notice to be given of seizure of goods.

18. When any goods are seized in exercise of the power conferred by section 82 of the Act, the officer seizing them shall immediately give or send to the importer or exporter a notice in Form 9 appended to these rules.

Money to be dropped at once into the cash-box.

19. All money received at a barrier shall at once be dropped by the collecting officer receiving it into the barrier cash-box, of which the key shall be kept by the Terminal Tax Superintendent.

Progressive totals of receipts to be filled up at once.

20. Every collecting officer issuing a pass other than a transit pass under any of these rules shall fill up the progressive total of terminal tax received at the foot of the counterfoil of the pass at the time of issue of the pass, and the Terminal Tax Superintendent, Terminal Tax Inspectors, members or other officers inspecting a barrier shall see that progressive totals are thus filled up and not postponed till the end of the day : counterfoils thus checked shall be initialled by the officer or member making the inspection.

Procedure for closing the transactions of the day.

21. (1) At the close of each day at a time to be fixed by the committee the transactions of the day shall be closed: the officer in charge of each barrier shall have the progressive total of the money received for the day taken up to the last counterfoil used in each book of passes and entered thereon, and shall also have the receipts of the day classified in *jinswars* to be compiled in Form 10 attached to these rules, the classification being in accordance with the classification adopted in the sanctioned schedule of the tax and separate *jinswars* being compiled in respect of goods imported by rail, goods imported by road, goods exported by rail and goods exported by road, respectively: the items shall be entered, one after the other, from the counterfoils of the day, the serial number of the pass being quoted in column 1 and the weight of the goods and the amount of the terminal tax paid entered in the appropriate columns: the cash-box, pass books and *jinswars* shall then be forwarded to the head office, together with the foils of passes presented under sub-rule (2) of rule 10 and the third foils of passes retained under rule 13 or rule 14.

(2) To prevent delay, and to ensure that all moneys as received by the collecting officer are immediately placed under lock and key, the committee shall provide a double set of books and two cash-boxes at each barrier, so that while one set is at the head office the other shall be available for use: the *jinswars* shall be on loose forms.

Opening of cash-boxes and counting of receipts.

22. (2) When the money in a cash-box has been counted the counterfoils received from the barrier concerned shall be examined by the Terminal Tax Superintendent, who shall check at least 2 per cent. of them in detail, initialling the checked counterfoils in proof of having done so, and shall see that the progressive totals in the books are correct: if the total for the day agrees with the total endorsed on the counterfoil and *jinswars* under sub-rule (1) of this rule, the last counterfoil on which the total for the day has deen entered shall be signed by the Terminal Tax Superintendent and by the member or official in whose presence the cash-box was opened.

(3) The coupons found in the boxes from the barriers shall be examined as a check on the work of the inspectors and then kept for such time as the committee may determine.

(4) The foils of passes received under sub-rule (2) of rule 10 and the third foils of passes retained under rule 13 or rule 14 and forwarded to the head office under sub-rule (1) of rule 21 shall be pasted on their counterfoils, and if, when examining the counterfoils, as required by sub-rule (4) of rule 10, the Terminal Tax Superintendent finds any counterfoil dated two days previously on which the foil has not been pasted, he shall at once cause a special investigation to be made.

(5) On completion of the procedure prescribed in sub-rules (1) to (4) of this rule the cash-boxes and pass books shall be returned to the barriers without delay: the *jinswars* shall be retained in the head office.

(*iii*) If the Terminal Tax Superintendent remits the money direct to the treasury, one of the foils of the chalan (Form 10 of the Municipal Account Code) returned from the treasury shall be filed by him in a guard file as his receipt and the other shall be sent to the Secretary with a statement in Form 10 appended to these rules: on receipt of the chalan, the Secretary shall enter the amount shown therein in his General Cash-book (Form 67 of the Municipal Account Code).

(*v*) If the Terminal Tax Superintendent receives the collections under the latter part of clause (*ii*) of this rule the Secretary shall check his Cash-book (Form 10) once a month, and sign it in token of his having done so.

Compilation of head office *jinswars*.

25. (1) The *jinswars* received from the barriers shall be arranged each day in a fixed order and the total of all the barriers for the day and the progressive total of all the barriers carried on from the beginning of each month shall be entered at the foot of the *jinswar* of the last barrier.

(2) From these *jinswars* shall be compiled each day the head office *jinswar* in Form 12 appended to these rules: the columns of this *jinswar* shall be totalled every month, and at the end of the year a statement showing the totals under each head of the *jinswar* for the whole year shall be prepared and submitted with other prescribed returns to the Deputy Commissioner.

Appeals against assessments.

26. Any person dissatisfied with the assessment of terminal tax payable on his goods made under any of these rules may require that the matter shall be referred to the Terminal Tax Superintendent for decision: in such a case the officer in charge of the barrier shall forward the goods to the head office under the escort of a peon, together with a brief report, of which he shall keep a copy in a memorandum book, for the decision of the Terminal Tax Superintendent: if such person is dissatisfied with the decision of the Terminal Tax Superintendent he shall pay the terminal tax, but may appeal to the committee against such decision, provided that he lodges his appeal within seven days from the date of such payment.

(d) The notice and agenda shall be despatched so that at least one clear day for a meeting that is deemed to be urgent and three clear days for any other meeting shall intervene between the date of despatch and the date of the meeting.

4. All cases on the agenda of a meeting shall be made available in the Secretary's Office for the inspection of members immediately after the despatch of the agenda.

5. No business shall be transacted at an ordinary meeting of a committee unless at least one-third of the total number of members are present.

6. In the absence of a quorum the Chairman shall forthwith suspend the proceedings and adjourn the meeting.

7. Every meeting shall commence with a motion by the Chairman that the minutes of the previous meeting be confirmed. Such minutes shall ordinarily be taken as read, but if for any reason they have not been previously circulated to the members they shall be read before they are taken into consideration. Any member who was present at the previous meeting may object to the confirmation of the minutes by moving an amendment on the ground that any matter is not correctly recorded or expressed.

If a poll is demanded by any member present it shall be taken by show of hands and the result of such poll as declared by the Chairman shall be deemed to be the resolution of the committee.

25. No matter on which the committee has recorded a resolution shall be again put before it for discussion, except—

The member speaking shall then give way and remain seated until the chairman has decided the point raised: provided that the chairman may permit any other member including the member called to order to speak on the said point.

15. If the meeting refuses to obey the ruling of the chairman on any matter he may adjourn it at once and once he declares the meeting adjourned on this or any ground, the subsequent proceedings of the meeting or any residue thereof shall be void and shall not appear in the minutes.

16. The chairman may, after calling the attention of the meeting to the conduct of a member who persists in irrelevance or in tedious repitition of his own arguments or of the arguments used by other members, direct him to discontinue his speech.

The chairman may cause to be summarily removed any member who disobeys an order to withdraw under this bye-law.

19. Every motion or resolution shall be read, and if seconded shall be deemed to be before the meeting for discussion. The mover shall speak first in support of the motion, then the seconder may speak, or if he desires, he may reserve his speech to a later period of the debate.

20. A member may speak only once to each motion but the mover or a seconder of a substantive motion or resolution may reply at the conclusion of the debate thereon: provided that the chairman at his discretion may at any time allow a member, who has already spoken, to make a brief explanation.

21. After a motion has been proposed and seconded, any member may propose an amendment thereto. An amendment that is not seconded falls through.

22. Any number of amendments may be before the meeting at the same time but they shall be put to the vote in the reverse order to that in which they were moved. After all the amendments have been disposed of the resolution as amended shall be put to the vote.

23. A member who has already spoken on a substantive motion before the meeting is not thereby debarred from speaking on an amendment to the motion : provided that in so doing he confines himself strictly to the fresh matter introduced by the amendment.

24. No motion or amendment shall be withdrawn except with the consent of the meeting.

25. Every motion, resolution or amendment voted on shall be put to the meeting both for and against.

*Proviso.*—Nothing in this and the following bye-law shall effect the provisions of the rules for the election of president and vice-president, published in Punjab Government notification No. 4135, dated 7th February 1924.

26. Unless a poll is demanded by any member present at meetings a declaration made at the meeting by the chairman that the motion, resolution or amendment has been carried or lost shall be sufficient warrant for making an entry to that effect in the minutes. 27. No decision of a committee shall be reopened before the lapse of six months after it has been recorded, except in compliance with an order of the Local Government or of the Commissioner or with the permission in writing of the president.

28. Any officer of Government or any other person not being a member of the committee may, with the consent of the majority of the members and of the chairman, address the meeting.

29. All meetings of the committee shall be open to the reporters of the press and, at the decision of the chairman, to the public : provided that the reporters or the public or both shall withdraw, if at any time so required by the chairman.

30. Except as provided in bye-law 28 no noise or expression of approval or disapproval on the part of the public or reporters present shall be permitted.

31. The chairman may cause any person other than a member of the committee, who interrupts the business of the meeting, to be summarily removed from the building in which the meeting is held.

32. No member may inspect the papers relating to matter in which he or either of his parents or any other descendent of either of his parents or the husband or wife as may be of any such descendent has a direct or indirect pecuniary interest. Subject to this exception—

13. So far as is possible and consistent with the matter under discussion no member shall direct personal or objectionable remarks at any other member. For the purpose of this bye-law the ruling of the chairman shall be final.

14. A member desiring to raise a point of order or personal explanation shall rise and address the chairman. The member speaking shall then give way, and remain seated until the chairman has decided the point raised; provided that the chairman may permit any other member, including the member called to order to speak on the said point.

15. If the meeting refuses to obey the ruling of the chairman on any matter, he may adjourn it at once; and once he declares the meeting adjourned on this or any ground, the subsequent proceedings of the meeting or any residue thereof shall be void and shall not appear in the minutes.

16. The chairman may, after calling the attention of the meeting to the conduct of a member, who persists in irrelevance or in tedious repetition of his own arguments or of the arguments used by other members direct him to discontinue his speech.

17. The chairman may name an unruly member for report to Government for consideration under section 16 (1) (*e*) of the Act.

18. The chairman may direct any member, whose conduct is in his opinion grossly disorderly, to withdraw immediately from the meeting and any member so ordered to withdraw shall do so forthwith and shall unless recalled by the Chairman absent himself during the remainder of the meeting. The Chairman may cause to be summarily removed any member who disobeys an order to withdraw under this bye-law.

19. Every motion of resolution shall be read, and if seconded, shall be deemed to be before the meeting for discussion. The mover shall speak first in support of the motion, then the seconder may speak, or if he desires, he may reserve his speech to a latter period of the debate.

20. A member may speak only once to each motion, but the mover or a seconder of a substantive motion or resolution may reply at the conclusion of the debate thereon; provided that the chairman at his discretion may at any time allow a member, who has already spoken, to make a brief explanation.

21. After a motion has been proposed and seconded, any member may propose an amendment thereto. An amendment that is not seconded falls through.

22. Any number of amendments may be before the meeting at the same time, but they shall be put to the vote in the reverse order to that in which they were moved. After all the amendments have been disposed of the resolution as amended shall be put to the vote.

23. A member who has already spoken on a substantive motion before the meeting is not thereby debarred from speaking on an amendment to the motion; provided that in so doing he confines himself strictly to the fresh matter introduced by the amendment.

24. No motion or amendment shall be withdrawn except with the consent of the meeting.

25. Every motion, resolution or amendment voted on shall be put to the meeting both for and against.

*Proviso.*—Nothing in this and the following bye-laws shall affect the provisions of the rules for the election of the president and vice-president, published in Punjab Government notification No. 4135, dated 7th February 1924.

26. Unless a poll is demanded by any member present at meeting a declaration made at the meeting by the chairman that a motion, resolution or amendment has been carried or lost shall be sufficient warrant for making an entry to that effect in the minutes. If a poll is demanded by any member present, it shall be taken by show of hands and the result of such poll as declared by the chairman shall be deemed to be the resolution of the committee.

27. No decision of a committee shall be reopened before the lapse of six months after it has been recorded, except in compliance with an order of the Local Government or of the Commissioner or with the permission in writing of the president.

28. Any officer of Government or other person, not being a member of the committee may, with the consent of the majority of the members and of the chairman, address the meeting.

29. All meetings of the committee shall be open to the reporters of the press and, at the discretion of the chairman, to the public; provided that the reporters or the public or both shall withdraw, if at any time so required by the chairman.

30. Except as provided in bye-law 28 no noise or expression of approval or disapproval on the part of the public or reporters present shall be permitted.

31. The Chairman may cause any person other than a member of the committee who interrupts the business of the meeting to be summarily removed from the building in which the meeting is held.

32. No member may inspect the papers relating to a matter in which he or either of his parents or any other descendant of either of his parents or the husband or wife as may be of any such descendant has a direct or indirect pecuniary interest. Subject to this exception—

(*a*) members of sub-committees and members charged with the performance of any special duty may inspect the papers connected with their duties at the secretary's office during office hours;

An application for permission to inspect under clause (*b*) shall be in writing and state the papers to be inspected and the reasons for inspecting them. The president or vice-president as may be, may refuse permission if the reasons given are in his opinion insufficient.

*Proviso.*—Nothing in this bye-law shall be deemed to deprive any person of a right to inspect a document under any law other than the Punjab Municipal Act, 1911.

BUSINESS BYE-LAWS UNDER SECTION 31 (*1*) (*a*), (*b*), (*c*) AND (*d*) OF THE PUNJAB MUNICIPAL ACT, III OF 1911.

1. General and special meetings of the Committee shall be held on such dates, at such times and places as shall from time to time be determined by the President, or in his absence

by the Vice-President or in the absence of both the Secretary may, for sufficient reasons, convene a meeting at any time and place, to be given in the notice hereafter mentioned in bye-law No. 2.

2 (a) The notice of every meeting under rule (1) shall state the place, date and hour fixed for it and shall be signed by the President, Vice-President or the Secretary.

(b) The notice shall be accompanied by a duly attested list of the business to be transacted at the meeting hereinafter called agenda.

(c) The agenda shall include every matter that any member may desire to put in the meeting, provided that a copy of the motion thereon signed by such member and by a seconder is delivered to the Secretary at the Municipal office at least seven clear days before the date of the meeting.

(d) The notice and the agenda shall be despatched so that at least one clear day for a meeting that is deemed to be urgent and three clear days for any other meeting shall intervene between the date of despatch and the date of meeting.

3. Notice of an adjourned meeting shall be given by the Chairman on the spot, and the same shall, as soon thereafter as possible, be sent to all members of the Committee who are absent, provided that it shall be lawful for the President or, in his absence, the Vice-President to alter with the due notice, on an emergency, the place, date or hour of such meeting.

4. All cases on the agenda of a meeting shall be made available in the Secretary's office for the inspection of members immediately after the despatch of agenda.

5. No business shall be transacted at an ordinary meeting of a Committee unless at least one-third of the total number of members are present.

6. In the absence of a quorum the Chairman shall forthwith suspend the proceeding and adjourn the meeting.

7. Every meeting shall commence with a motion by the Chairman that the minutes of the previous meeting be confirmed. Such minutes shall ordinarily be taken as read, but if for any reason they have not been previously circulated to the members they shall be read before they are taken into consideration. Any member who was present at the previous meeting may object to the confirmation of the minutes by moving an amendment on the ground that any matter is not correctly recorded or expressed.

8. The Chairman shall decide all points of order or procedure, and his decision shall be final. Whenever he rises, any member speaking shall resume his seat.

9. The items on the agenda shall be dealt with in their order, provided that the Chairman, with the consent of the majority of the members present, may vary such order or bring before the meeting any matter not included in the agenda.

10. If more than one member rise to speak at the same time, the Chairman shall name the member who is to speak.

11. Members when speaking shall stand and address the Chairman and, except on a point of order or personal explanation, the member speaking shall not be interrupted by any member other than the Chairman.

The member speaking shall then give way, and remain seated until the Chairman has decided the point raised, provided that the Chairman may permit any other member, including the member called to order, to speak on the said point.

15. If the meeting refuses to obey the ruling of the Chairman on any matter, he may adjourn it at once, and once he declares the meeting adjourned on this or any ground, the subsequent proceedings of the meeting or any residue thereof shall be void, and shall not appear in the minutes.

16. The Chairman may, after calling the attention of the meeting to the conduct of a member who persists in irrelevance or in tedious repetition of his own arguments or of the arguments used by other members, direct him to discontinue his speech.

22. Any number of amendments may be before the meeting at the same time, but they shall be put to the vote in the reverse order to that in which they were moved. After all the amendments have been disposed of the resolution as amended shall be put to the vote.

23. A member who has already spoken on a substantive motion before the meeting is not thereby debarred from speaking on an amendment to the motion, provided that in so doing he confines himself strictly to the fresh matter introduced by the amendment.

24. No motion or amendment shall be withdrawn except with the consent of the meeting.

25. Every motion, resolution or amendment voted on shall be put to the meeting both for and against.

*Proviso.*—Nothing in this and the following bye laws shall affect the provisions of the rules for the election of the President and Vice-President, published in Punjab Government notification No. 4135, dated the 7th February 1924.

26. Unless a poll is demanded by any member present at meeting a declaration made at the meeting by the Chairman that a motion, resolution or amendment has been carried or lost shall be sufficient warrant for making an entry to that effect in the minutes. If a poll is demanded by any member present it shall be taken by show of hands and the result of such poll as declared by the Chairman shall be deemed to be the resolution of the Committee.

27. No decision of a Committee shall be reopened before the lapse of six months after it has been recorded, except in compliance with an order of the Local Government or of the Commissioner or with the permission in writing of the President.

28. Any officer of Government or other person, not being a member of the Committee may, with the consent of the majority of the members and of the Chairman, address the meeting.

29. All meetings of the Committee shall be open to the reporters of the Press and, at the discretion of the Chairman, to the public, provided that the reporters or the public, or both, shall withdraw, if at any time so required by the Chairman.

30. Except as provided in bye-law 28 no noise or expression of approval or disapproval on the part of the public or reporters present shall be permitted.

31. The Chairman may cause any person other than a member of the Committee who interrupts the business of the meeting to be summarily removed from the building in which the meeting is held.

32. No member may inspect the papers relating to a matter in which he or either of his parents or any other descendant of either of his parents or the husband or wife as may be of any such descendant has a direct or indirect pecuniary interest. Subject to this exception—

(*a*) members of Sub-Committees and members charged with the performance of any special duty may inspect the papers connected with their duties at the Secretary's office during office hours; and

An application for permission to inspect under clause (*b*) shall be in writing and state the papers to be inspected and reasons for inspecting them. The President or Vice-President, as may be, may refuse permission if the reasons given are in his opinion insufficient.

*Proviso.*—Nothing in this bye-law shall be deemed to deprive any person of a right to inspect a document under any law other than the Punjab Municipal Act, 1911.

3. Notice of an adjourned meeting shall be given by the Chairman on the spot and the same shall, as soon thereafter as possible, be sent to all members of the committee who are absent: provided that it shall be lawful for the President or in his absence the Vice-President to alter with due notice, on an emergency, the place, date or hour of such meeting.

4. All cases on the agenda of a meeting shall be made available in the Secretary's office for the inspection of members immediately after the despatch of the agenda.

Any member who was present at the previous meeting may object to the confirmation of the minutes by moving an amendment on the ground that any matter is not correctly recorded or expressed.

3. Notice of an adjourned meeting shall be given by the Chairman on the spot and the same shall, as soon thereafter as possible, be sent to all members of the committee who are absent : provided that it shall be lawful for the President or in his absence the Vice-President to alter with due notice, on an emergency, the place, date or hour of such meeting.

4. All cases on the agenda of a meeting shall be made available in the Secretary's office for the inspection of members immediately after the despatch of the agenda.

Such minutes shall ordinarily be taken as read, but if for any reason they have not been previously circulated to the members they shall be read before they are taken into consideration. Any member who was present at the previous meeting may object to the confirmation of the minutes by moving an amendment on the ground that any matter is not correctly recorded or expressed.
